

# In the Event of a WEATHER EMERGENCY

**In the event of weather emergency it is important to note the following:**

**When possible, your therapist or prescriber will contact you to let you know your appointment is cancelled. Since it is not always possible for therapists to reach all clients, please do the following:**

- **Check our website [www.westbergen.org](http://www.westbergen.org) for closings and delayed opening on all sites before your scheduled appointment.**
- **Call the number appropriate for your appointment to receive updates or to verify your therapist is in:**
  - **120 Chestnut Street, Ridgewood (201)444-3550**
  - **860 Wyckoff Avenue, Mahwah (201)485-7172**
  - **1 Cherry Lane, Ramsey (201)934-1160**

**In the event of a power outage it is possible that only *some* of the phone numbers will be working. It would be helpful to try all of the numbers in case one is functional and that site would be able to give you accurate information regarding appointments and site closings.**

**Thank you for your cooperation.**
