Comments from Partial Care Consumers:

“West Bergen PC is great program to get into. They have helped me so much and I am forever grateful.”

“I think West Bergen is a great place and I feel the staff have really helped my needs.”

“West Bergen is the best treatment facility that I have encountered. The doctor, staff and employees are top notch and caring individuals that care and are always there for me and my treatment. I am always happy and thankful to be here.”

Things we did to improve client satisfaction and services in 2017:

- In an effort to reduce our waiting list, we hired more hourly therapists so we were able to see new clients quicker!
- Added more beds to our group homes to serve our severe and persistent mentally ill clients who need housing.
- Will be expanding services in a new building adjacent to our 120 Chestnut Street Ridgewood campus.
- New telephone system that improves communication between sites and staff.

We at West Bergen understand that quality of care, as measured by **customer satisfaction**, is the key to success in healthcare service delivery. Annually, we survey our clients and tabulate our results with the Mental Health Corporations of America (mhca), who process our data comparatively to similar mental health agencies across the United States. In this brochure we’ve compiled a summary of the results.
